All International Students are required to have M1 VISA issued by a SEVIS approved Flight School. Students need to e-mail info@firstlandings.com the completed Application for I-20 with a scanned copy of your passport, and your account will be generated in our flight school system.

Once we receive all of the required documentation, First Landings will issue an I-20, and send a scanned copy to the student via e-mail, and courier the original to the students home address. Once students have received their I-20, they will need to pay the US “SEVIS” VISA fee, and then schedule a VISA interview appointment with the US Embassy or US Consulate.

Once the student has been approved for their US VISA, students will then need to apply for Flight Training Security Program (FTSP) or “TSA” fees, and then make travel arrangements.
